SKÅNDI

CØLLECTION

The Tipperary Skandi jewellery collection is inspired by our love for the simple, clean lines of Scandinavian design. This is reflected in the culture and design throughout this part of the world with structured shapes and simple lines. The Scandinavian concept of 'hygge' loosely translates as cosiness, but it means more than that. It's about a feeling of well-being, about enjoying life. We hope you enjoy the well-being that this collection brings to you.

TIPPERARY

The tree of life is a symbol of a fresh start in life, positive energy, good health and a bright future. The symbolism of the Tree of Life is ultimately about the forces of nature combining to create balance and harmony. The branches reach for the sky, and the roots reach down into the ground. A representation of the link between heaven and earth, mind and body and the never-ending cycle of life. Our Tree of Life Jewellery collection reflects these positive and rejuvenating forces freshly and uniquely.

TIPPERARY JEWELLERY CARE

Cleaning jewellery, storing jewellery, wearing jewellery

Cleaning Jewellery

As Tipperary Jewellery features a delicate understated style, you should always clean the piece with great care. Wearing jewellery regularly can cause a build-up of natural oils from your skin. Simply polish with a cotton cloth to help maintain the original lustre. Avoid the use of any abrasive materials to clean your Tipperary Crystal jewellery as this will cause scratching and damage the surface.

Storing Jewellery

It is advisable to store your Tipperary jewellery in its original packaging. Each piece should be stored separately to avoid scratching or tangling.

Wearing Jewellery

Care should always be taken when removing jewellery to stop it catching on clothing. Jewellery should be put on last and taken off first when dressing. Be careful not to knock the jewellery against any hard objects as this may cause scratches or chips in the piece. Do not

allow your jewellery to come into contact with water containing any chlorine or bleach.

Watch Care & Maintenance

We would advise you to clean your watch regularly using a soft cloth. Keep your watch in the original packaging. Do not leave it anywhere it might be subjected to major variations in temperature or humidity, in the sunlight or near magnetic fields. It is water resistant for daily life. Do not operate when the crown is set. Always set the crown in the original position. It may be difficult to pull the crown out due to dirt and dust getting caught between the crown and the case when the watch is worn for long periods of time. To prevent this, occasionally turn the crown freely back and forward. Battery life is approximately 2 years.

Warranty

Your Tipperary Crystal watch is under warranty for a period of 12 months from the date of purchase

CRYSTAL

vases, bowls, stemware, connoisseur collection, candle holders, clocks, trophies

Tipperary has evolved as a company over recent years but is still steeped in its original crystal heritage. Our roots are in Crystal since the founding of the company by master craftsmen Philip Walsh, Joe Foley and John Maher in 1988. Our crystal collections reflect many of the original designs from the companies origins. Enjoy the luxury of sipping wine from our crystal stems whilst the light bounces through creating a prism of colours. Crystal, is at the core of our heritage.

TIPPERARY

Connoisseur Collection

Tipperary, in association with Liam Campbell of the Irish Guild of Sommeliers, has created a premium series of fine crystal glassware. We are sure this exquisite collection will appeal to the connoisseur and indeed all wine, whiskey, brandy, or champagne enthusiasts.

To add to the gifting appeal of this exquisite collection, Tipperary has included two gift boxing variations allowing the consumer to add either a bottle of wine or champagne to the gift set.

Glassware & Decanters

Tipperary has created a sparkling collection of crystal stemware and decanters for your drinking pleasure. These beautifully designed collections contain titanium and give additional strength to the glasses, making them less susceptible to scratching and chipping.

This innovative technology allows the titanium to be included in the glass melt during production and has a direct impact on adding extra strength to the stemware. Titanium Strength by Tipperary is a protected technology, that is new to the Irish marketplace and ensures a longer-lasting product.

TIPPERARY

Graham Knuttel

Graham Knuttel was born in Dublin in 1954. Knuttel's figurative paintings are now acclaimed internationally. He paints into an urban landscape, favouring dark and moody scenes, which reflect the fears, doubts and hopes he feels himself. It is on canvas that Knuttel excels, tense and moody features are portrayed on the faces of his subjects, his wicked sense of humour is obvious throughout. Knuttel returns constantly to still life in his art, inspired by its simplicity and reminding him of his early studies of Picasso.

Graham Knuttel's bold use of form and colour alongside narrative tensions which wind their way through all his work, make him a true story weaver. Knuttel's works are immediately recognisable, and he is one of Ireland's most popular and collectable artists of our time.

Eoin O Connor

EIOIN O'CONNOR'S eclectic style and striking use of colour makes his work instantly recognisable. While his command over scale and perspective is rooted in his architectural training, his passion remains firmly grounded in creating strikingly vibrant paintings which echo his unique view of Irish life. Eoin's vividly contrasting palette and striking compositions provide an instantly recognisable style to his extensive body of work; one which remains inspired by the beauty of Ireland's landscapes, seascapes and inhabitants! His unique use of high quality paints on thick canvas results in creating a multi-dimensional perspective for the viewer; heightened through techniques such as impasto and a nuanced understanding of his subject matter.

Eoin has exhibited in London and New York, as well as a number of Irish venues including his own galleries. Eoin has a desire to produce and display locally inspired, and created art within a globally accessible platform.

Cool socks for cool people, socks by funky people for funky people, show your individuality and wear them with a smile on your face!

Produced from Combed Cotton

Combed Cotton is softer than regular cotton because it doesn't have any impurities or short protruding threads, and it is stronger than regular cotton because the combing process removes short fibres, which are prone to breakage. After combing, the straightened fibres join together more tightly, leading to less fraying and unravelling. These benefits plus the additional work required during the manufacturing process makes combed cotton more comfortable and resistant.

TIPPERARY

Canteens of Cutlery

Tipperary Crystal cutlery is all 18/10 quality stainless steel. Similar to the sterling hallmark on fine jewellery, this branding ensures you are getting premium quality cutlery. The first number '18' refers to the percentage of chrome, added for durability and greater resistance to erosion. The second number '10' refers to the percentage of nickel, used to give flatware a soft sheen similar to silver. So, when Tipperary Crystal is referred to as 18/10, it has 18% chrome and 10% nickel. Each piece of cutlery has 'Tipperary 18/10' stamped onto the body and each knife has Tipperary branded on the blade.

Christmas Dreams

The warmth and luxury of smoky incense lifted by the energising lemony scent of Myrrh combined with the base note of white pepper and fragrant larch oils.

Christmas Spice

A wonderful fragrance with aromas of cinnamon, blended with spices including clove and anise to create the scent of Christmas.

Christmas Pine

The nostalgic scent of pine from a freshly cut Christmas tree fills the room as the subtle spices whisper that Christmas is here.

Merry Christmas

This scent is a blend of Orange, Almond, Lime and Lemon that then gives way to the main body fragrance of Red Berry, Cinnamon and Nutmeg. Bringing Christmas to life!

“
The smells of
Christmas are the
smells of childhood.

Graham Knuttel

Graham Knuttel is an Irish artist with an international reputation, represented in many important collections in Europe and the USA as well as many public collections worldwide. Some of his collectors include Sylvester Stallone, Eddie Jordan, Christy Moore, Colin Farrell, Michael Stipe, Bill Gates, Joanne Lumley, to name a few.

He is a prolific worker spending up to 15 hours in his studio every day. His paintings represent the human predicament as he has seen it: his figures appear in an urban landscape and he tries to use colour and form to express the emotion of his figures.
