E V I L eye

The eye is a powerful protective symbol, handed down through the ages, across countries and cultures. The practice of wearing evil eye necklaces and jewellery to ward off the evil eye (the glare of anger, jealousy and hatred) dates back thousands of years - to Plato and classical Greek antiquity. Our collection draws on this protective symbolism of a higher power watching over humanity. Perfect for everyday wear or layering to build your personal story.

Tree of Life

The tree of life is a symbol of a fresh start in life, positive energy, good health and a bright future. The symbolism of the Tree of Life is ultimately about the forces of nature combining to create balance and harmony. The branches reach for the sky, and the roots reach down into the ground. A representation of the link between heaven and earth, mind and body and the never-ending cycle of life. Our Tree of Life Jewellery collection reflects these positive and rejuvenating forces freshly and uniquely.

Maureen O'Hara

Maureen O'Hara, legendary actress, beauty of the golden screen, is the inspiration for this magnificent collection of jewellery. The designs are classically elegant in romantic rose gold, shiny yellow gold and vintage silver and have been influenced by Maureen's glamorous golden age of Hollywood. Each sparkling stone, faceted to shine brightly and catch the light beautifully, represents her personality. You can shine like the famous star too.

TIPPERARY JEWELLERY CARE

Cleaning jewellery, storing jewellery, wearing jewellery

Cleaning Jewellery

As Tipperary Jewellery features a delicate understated style, you should always clean the piece with great care. Wearing jewellery regularly can cause a build-up of natural oils from your skin. Simply polish with a cotton cloth to help maintain the original lustre. Avoid the use of any abrasive materials to clean your Tipperary Crystal jewellery as this will cause scratching and damage the surface.

Storing Jewellery

It is advisable to store your Tipperary jewellery in its original packaging. Each piece should be stored separately to avoid scratching or tangling.

Wearing Jewellery

Care should always be taken when removing jewellery to stop it catching on clothing. Jewellery should be put on last and taken off first when dressing. Be careful not to knock the jewellery against any hard objects as this may cause scratches or chips in the piece. Do not

allow your jewellery to come into contact with water containing any chlorine or bleach.

Watch Care & Maintenance

We would advise you to clean your watch regularly using a soft cloth. Keep your watch in the original packaging. Do not leave it anywhere it might be subjected to major variations in temperature or humidity, in the sunlight or near magnetic fields. It is water resistant for daily life. Do not operate when the crown is set. Always set the crown in the original position. It may be difficult to pull the crown out due to dirt and dust getting caught between the crown and the case when the watch is worn for long periods of time. To prevent this, occasionally turn the crown freely back and forward. Battery life is approximately 2 years.

Warranty

Your Tipperary Crystal watch is under warranty for a period of 12 months from the date of purchase

Tipperary has evolved as a company over recent years but is still steeped in its original crystal heritage. Our roots are in Crystal since the founding of the company by master craftsmen Philip Walsh, Joe Foley and John Maher in 1988. Our crystal collections reflect many of the original designs from the companies origins. Enjoy the luxury of sipping wine from our crystal stems whilst the light bounces through creating a prism of colours. Crystal, is at the core of our heritage.

David McGlynn

1. David McGlynn Sculpture
Girl with balloons 'Joyful'
165854 RRP 90

David McGlynn, is one of Ireland's most innovative and creative artists, born in Dublin he studied foundry engineering and bronze casting in Belfast after earning a BA in Fine Art Sculpture from NCAD in 1993.

His sculptures are influenced by music, flight and the wonder of childhood imagination. This imbues them with a lyrical and magical quality. His work often incorporates a combination of glass, copper, stone and stainless steel in addition to the original emphasis on the use of bronze casting.

McGlynn's visual art defies convention and is always exploring new possibilities within the journey and mystery that is life.

Paul

Paul Maloney is one of Ireland's foremost craft potters. He is a graduate of the National College of Art & Design. Having worked in various potteries, and gained practical experience, he established his own pottery in Wexford in 1998.

Paul's home and studio sit high on a hill overlooking the mountains to the north and the sea to the south. Naturally, he draws inspiration from these surroundings. This collection echoes ribbons of light on coastal horizons. These elements are fused with strong, simple forms intended for the everyday.

Eoin O Connor

Eoin O'Connor

1. *Beyond the herd*
Eoin O Connor
Set of six tankards
169234 RRP 65

EOIN O'CONNOR'S eclectic style and striking use of colour makes his work instantly recognisable. While his command over scale and perspective is rooted in his architectural training, his passion remains firmly grounded in creating strikingly vibrant paintings which echo his unique view of Irish life. Eoin's vividly contrasting palette and striking compositions provide an instantly recognisable style to his extensive body of work; one which remains inspired by the beauty of Ireland's landscapes, seascapes and inhabitants! His unique use of high quality paints on thick canvas results in creating a multi-dimensional perspective for the viewer; heightened through techniques such as impasto and a nuanced understanding of his subject matter.

Eoin has exhibited in London and New York, as well as a number of Irish venues including his own galleries. Eoin has a desire to produce and display locally inspired, and created art within a globally accessible platform.

TIPPERARY

Canteens of Cutlery

Tipperary cutlery is made of 18/10 quality stainless steel. Similar to the sterling hallmark on fine jewellery, this branding ensures you are getting premium quality cutlery. The first number '18' refers to the percentage of chrome, added for durability and greater resistance to erosion. The second number '10' refers to the percentage of nickel, used to give flatware a soft sheen similar to silver. So, when Tipperary is referred to as 18/10, it has 18% chrome and 10% nickel. Each piece of cutlery has 18/10 stamped onto the body and each knife has Tipperary branded on the blade.

Caring for candles

- Never leave a burning candle unattended.
- Trim wick to 5mm prior to lighting. If the candle smokes, extinguish and trim the wick.
- Keep candles free from matches and other flammable materials.
- Burn only on a stable and heat resistant surface.
- Keep out of the reach of children and pets.
- Do not burn the candle in a draft. Do not touch or move a candle while burning, or if the wax is hot.
- For best results burn the candle for 4 hours at one time.
- Candles should be burned away from other heat sources such as television sets or direct sunlight.
- Ensure candles are placed at least 4" (10cm) apart.
- For the first burn, allow the wax to melt to the edge for an even burn throughout, and to avoid tunnelling.
- Do not allow candles to burn to completion, please ensure to extinguish the candle on the last burn when there is at least 1cm of wax remaining in the base of the glass container.
